

Toll surcharge for Groupage per destination

The costs of tolls, in the amount in which they were valid until 30 November 2023, remain part of the transport price. The toll surcharge is determined on the basis of the increased toll from 1 December 2023 (i.e. in the amount of the difference between the newly established toll from 1 December 2023 and the amount of the toll before this date). In case of toll increase in other countries, the toll surcharge will be updated.

The toll surcharge is calculated as separate surcharge. It represents percentual surcharge from the transport price according to valid pricelist. The toll surcharge is calculated in the same amount for both exports and imports.

Below mentioned surcharges are valid as of 01.04.2024 and reflect following increased tolls

- German toll with validity as of 01.12.2023
- Hungarian toll with validity as of 01.04.2024 (increased toll became effective as of 01.01.2024)
- Czech toll with validity as of 01.04.2024 (increased toll became effective as of 01.03.2024)
